

TRADES DAY

September 26, 2024
Porterville Fairgrounds

INVEST IN THE NEXT GENERATION

Trades Day introduces high school students to industry career opportunities in construction, design, sub-contracting, heavy equipment, engineering, and other skilled trades.

We hope you, our partners, will join us to inspire local students to pursue careers in construction.

Bring a hands-on activity for students to explore all your industry has to offer; teach them how to swing a hammer, try their hand at mixing cement, scale a wall for roofing, or throw on some PPE and get them welding. Anything to get their hands and minds moving! Take part in an exciting opportunity to pass along what excites you about your profession.
