**SUPPORT REAL TOOLS, REAL TRAINING, REAL IMPACT**

Support the next generation of builders by sponsoring the CIEF Design Build Competition®. This no-cost, real-world experience allows high school students to design and build structures under the guidance of industry professionals. Many projects are used by schools or donated to local charities.

- Inspire future builders and industry leaders
- Connect your brand with students, educators, and the construction community
- Build community impact as student projects support schools and local causes

**INDUSTRY LUNCH**

Join us on Day 2 of the Design Build Competition® to tour student-built structures, enjoy lunch, and celebrate with awards and scholarships for students pursuing careers in the built environment.
